

DID YOU KNOW?

In the early 1900's, German immigrants arrived at the creek, settling at 'Wartburg' - meaning 'The Waiting Place.'

The area has many historical features, including St Paul's Lutheran Church.

Baffle Creek was home to the Baffle Creek Sugar Mill on Wartburg Hill, the most northerly mill in the Bundaberg Region and the second last privately owned mill in Queensland.

The area has several macadamia nut farms—the oldest in the southern hemisphere.

Baffle Creek remains one of Queensland's few relatively pristine river systems, offering amazing mangrove stands and wildlife shows – and is renowned for its fishing!
